## OBJECTIVE

---

I'm a BSc.CSIT graduate with a deep passion for coding and a strong interest in web development. I thrive on solving complex problems and embrace the creative challenges involved in building dynamic and user-centric web applications. With a self-motivated and growth-oriented mindset, I continually seek opportunities to enhance my skills, stay updated with emerging technologies, and contribute meaningfully to innovative projects.

## EDUCATION

---

**BSc.CSIT**, NIST College,Banepa 2020-2025

**+2 Science**,Indreshwor S.S, Panauti,Kavre, 2018 - 2020

## SKILLS

---

**Technical Skills** ReactJs ,NextJs ,NodeJs (Express),Tailwind / Bootstrap,HTML,Ui Framework,MySQL

## EXPERIENCE

---

**Junior Frontend Web Developer** Apr 2024 - Present  
IT Bridge Nepal *Banepa, Kavre*

- Built responsive web interfaces using React.js and Tailwind CSS, enhancing load time and user experience.
- Collaborated with design and backend teams to translate visual concepts into dynamic web interfaces.
- Mentored interns and junior team members, sharing knowledge and best practices in React development.

**Frontend Web Developer Intern** Jan 2024 - mar 2024  
IT Bridge Nepal *Banepa,Kavre*

- Integrated visual concepts into responsive, interactive interfaces, improving user experience.
- Debugged code and enhanced performance, leading to more efficient, user-friendly applications.
- Assisted in development of various react projects.

## PROJECTS

---

**Job Recommendation System.** Developed a system to match job seekers with relevant opportunities based on skills and preferences using react for frontend and Python, Flask, and machine learning for backend. Improved recommendation accuracy and user satisfaction.

**Family Tree Web Application.** Built an interactive platform to visualize and manage family relationships using React.js and react-d3-tree. Enabled dynamic node interaction and clean UI for complex hierarchies.

**Finaman – Personal Finance Manager.** Created a finance tracking app using React and Firebase that helps users manage income, expenses, and budgeting goals. Enhanced financial visibility with intuitive charts and summaries.

**E-commerce Platform** Contributed to building a responsive and feature-rich online store using Next.js and Tailwind CSS. Integrated product filtering, cart, and payment gateway for seamless user experience.

**Cooperative Website.** Designed and developed a website for a cooperative organization to manage member information, savings, and loans using Laravel and MySQL. Improved accessibility and digital record keeping.

**IT Company Website.** Designed and developed a modern, responsive company website using React, Tailwind CSS, Ant Design, and Framer Motion. Delivered smooth animations, clean UI, and intuitive navigation to enhance brand presence and user engagement.
